

THANK
YOU!

Thank you for being a part of our family and touching the lives of the kids and families in your community!

We're so proud of you. Keep up the great work!

Join us at IAPD20 Virtual!

Sprig is proud to support the International Association of Paediatric Dentistry (IAPD) at this year's virtual event. Although we can't be there in person, we are excited to offer our support and connect with you virtually during the event. At a time when our profession demands innovation, Sprig is committed to pushing the boundaries to ensure the next-generation has next-generation care.

For this event, Sprig is sponsoring Dr. Eduardo Alcaino's IAPD virtual lecture, [GA in Children: Any Concerns?](#). His lecture will discuss the current thinking and techniques used for the delivery of dental care for children while under general anesthesia (GA).

This year also marks one decade from the time we sold the first paediatric zirconia crown, the [EZCrown](#). We are forever grateful for your role in helping us reach this milestone. We will be offering pandemic recovery pricing, 30% (**code: IAPD**) off on our products, and educational programs to our international customers. And for

those Dentists that always wanted to try [EZCrowns](#), we have something special for you too. You can now check out our crowns with a 50% (**code: IAPD50**) discount on our Mini kits (3 kits max, new accounts only).

Please join us and take advantage of our month-long promotions by messaging at info@sprigusa.com for more details. Be the first to know about upcoming virtual events and promotions by [subscribing](#) to our email list.

Keep Growing,
The Sprig Team
